While there is NO cost to surrender a ferret, we do ASK that you donate something toward the ferret's care while at the rescue. The rescue runs solely on donations. There is no government funding. If the ferret has NOT had vaccinations at the vet, it will require two distemper vaccinations. When surrendering a ferret, please be thoughtful of the costs involved for the rescue. It takes an average of 3 months to find the perfect forever-home for a young, healthy ferret & even longer for a ferret that is older or has medical problems. Therefore, the food costs, care costs & medical costs add up. Again, there is NO cost or fees to surrender. Here is a list of the costs that the rescue automatically pays for when they receive a new ferret:

- First Distemper Vaccination \$20 & the Second Distemper Vaccination (3 weeks following the first) \$20
- Food for each ferret minimum of \$5 per week (roughly \$65, for 3 months)
- Wellness Check at the Vet \$49 & then Vet Visit for a Specific Medical Concern \$79 PLUS TREATMENT COSTS
- Melatonin Implants for Ferrets with Adrenal Disease \$49 & DES Implants for Adrenal Disease \$149
- Basic Care for 3 months \$90 & Basic Care for (older ferret with medical issues) 3 months \$290

All donations are tax deductible. I have made the decision to surrender my ferret to Fuzzy Ferret Rescue. It is understood the ferret is being surrendered for its continued welfare and Fuzzy Ferret Rescue accepts the ferret in the condition it arrived in. Fuzzy Ferret Rescue assumes full ownership and responsibility from this date forward and guarantees the ferret will receive the utmost in care. Fuzzy Ferret Rescue operates this shelter program as a service to ferrets and is not a business. It does not receive any government benefits to pay for vet care, food or care of the ferrets.

I hereby certify, to the best of my/our knowledge, all the information above is accurate and complete. I am relinquishing ALL rights to the above named ferret & transfer ownership to Fuzzy Ferret Rescue.
